

Clap and Tap your way to better Math Grades!
According to a recent study published in Journal of Research
in Childhood Education, students made significant gains
in math after training on Interactive Metronome®.
These gains are attributed to more efficient working
memory and improved temporal processing and control.

Let the math speak for itself!

86 Students \times 18 Daily Sessions of IM =

Better Grades in Math

Clapping + Tapping = Better Timing =
Improved Working Memory &
Temporal Processing/control = Better Math!

That's a winning formula!
